

History Intent

1. We intend to provide the children with an experience of History that is both valid and stimulating.
2. We intend to enable the children to gain an understanding of the past, with relation to themselves, their families, their communities and the wider world, as appropriate to age, ability and aptitude.
3. To encourage the children to develop a lively and questioning approach to History.
4. Although there are links with other subject areas, the children need to be aware that the study of the past is, in itself, a separate and important discipline.
5. We intend to enable the children to understand how they themselves fit in to the pattern of past and present, in Britain and the wider world.
